
Conifer Revenue Cycle Solutions

Fact Sheet

Who we are:

- Conifer Revenue Cycle Solutions is an operating subsidiary of Conifer Health Solutions, Inc., which itself is a wholly owned subsidiary of hospital-operator Tenet Healthcare Corporation (NYSE:THC).
- Conifer employs approximately 2,000 people across the United States.
- Conifer is led by President Stephen M. Mooney.

What we do:

- Conifer Revenue Cycle Solutions uses proprietary workflows and technology to provide comprehensive revenue cycle services to more than 70 hospitals and healthcare systems nationwide.
- Conifer offers services ranging from patient pre-registration and patient access through billing and collections processing of governmental, managed care and self-pay claims.
- Conifer processes five million patient accounts annually and has more than \$9 billion in annual revenue under management.

When we started:

- Conifer Revenue Cycle Solutions was launched as an operating subsidiary in Nov. 2008.
- Conifer began development of its current operating model in 2003.
- Prior to its launch, Conifer operated as the Patient Financial Services division of Tenet Healthcare beginning in 1977 and provided revenue cycle services to Tenet's hospitals.

Where we operate:

- Conifer Revenue Cycle Solutions is headquartered in Frisco, Texas.
- Conifer operates Centers of Excellence in seven cities: Alhambra, Calif.; Anaheim, Calif.; Atlanta, Ga.; Boca Raton, Fla.; Frisco, Texas; Modesto, Calif.; and St. Louis, Mo.
- Conifer provides revenue cycle services to client hospitals and healthcare systems in 14 states.

Why we exist:

- Conifer Revenue Cycle Solutions is a healthcare company whose strategies align directly with our clients' mission of delivering quality care in the communities they serve.
- Conifer has consolidated more than 80 hospitals' business office functions into a network of centralized business offices supporting hospitals nationwide, which benefits our client hospitals' bottom lines and allows them to increase their focus on patient care and physician satisfaction.
- Conifer has invested more than \$200 million in technology, operations and process innovation, which has improved our clients' operating margins while reducing their capital outlays for revenue cycle improvement projects.
